FLEE BATTLES N. Y. YACHTS ON CRUISE TO MARBLEHEAD

ATCCLAND, New Zealand, Aug. 7.—10 p. m.—The supply ship Calais, attached to the Atlantic fleet, from Honolulu July 21, arrived here this evening. She received this morning the following wireless communication from the fleet: "Yesterday and today (August 6 and 7) there was a fresh breeze to moderate gale with a rough sea. This morning the weather was the heaviest encountered since leaving Honolulu roads. The ships were pitching heavily, waves were knocked down at 8 a. m. We will increase our speed to 11 knots, and expect to reach Auckland on schedule time.

"There will be no fleet evolutions to-day on account of the weather. The vessels keep their formation and distance ready. The position of the fleet at 8 o'clock last night, August 6, was 21 degrees 31 minutes south latitude and 175 degrees 40 minutes west longitude.

"Distance from Auckland is 560 miles."
